**Cable Television & Satellite
Installation Guidelines**

No lines, wires, or other devices for the communication or transmission of electric current or power, including telephone, television, and radio signals, shall be erected, placed or maintained anywhere in or upon the subdivision unless the same shall be contained in conduits or cables installed and maintained underground or concealed in or on buildings or other structures as approved by the Architectural Committee. Any conduits placed upon any structure must be installed in a location and manner on that structure to be least visible from the common area or a neighboring property. In addition, such conduits must be painted to match the surface they are adhered to.

All dishes must be installed in such a manner as to not be visible from neighboring property. All dishes must be one meter or less in diameter.

The above guidelines are for the purpose of helping to keep Colonia Encantada an aesthetically pleasing and a safe environment for all.
